Kaurna land (Adelaide plains)
& Naarm (Melbourne)

Angelique Joy is a neuroqueer, visual artist working with photography and the expanded nature of the digital image. Angelique's practice is informed by their neuroqueer lived experience; their practice has emerged out of a concern with identity, otherness and space. They are interested in the cultural and physical spaces we all unfold within and how each 'self' is constructed and performed within the spaces we inhabit, the spaces we claim, and the spaces we are kept from.
